### OPTION B

**Gary Holmquist**  
Marines  
Desert Storm

"Honor A Veteran" with Option B. Option B, like Option A, will feature a picture of the Veteran, the Veterans name, branch of service and conflict served. In addition to the photo and personal information, Option B will allow for a description of events that the Veteran experienced while serving their country. This will allow Veterans and/or the Veterans families an opportunity to inform and educate people by telling their own personal stories. These stories should focus primarily on military events that the Veteran may have experienced while protecting our freedoms. This could be anything from stories describing a particular battle, describing life as a POW or maybe friendships made while serving in the armed forces. The story will need to be kept to about 150-200 words to fit in the 3.75 in. x 3 in. space shown here. This is a great opportunity to share some life experiences from a Veteran by telling their personal story. Option B may also be used to honor more than one Veteran. If you are honoring two Veterans with Option B, please shorten up the story to allow room for the additional photo. Please feel free to call with any questions you may have.

**\$125 per photo listing & story**
